Hi Jeff,
I believe this looks good for us.
Thanks

Subject: Teleconference Request-Ashue Road

Dave, Loretta:

At our last meeting in Toppenish months ago, we requested the PRPs to propose a plan to remove the debris at the Ashue Road property. Since then, deadlines have come and gone and we have not received a plan of any kind to move forward. As a result, EPA has conceived a plan to conduct an EPA-lead limited removal action and further assessment. We would like to schedule a teleconference with you to discuss this proposal, any alternatives, and/or any updates you may have. I believe we will be in a position to execute this plan in the next several weeks assuming several factors, including your support. I have reserved Tuesday, July 16 from 10:30-12:00 for the teleconference. Please let me know (soon, please) if this date/time will work for you and your respective colleagues.

V/R,
Jeffrey Fowlow, PG, CHMM
